Completely unbelievable.
And absolutely true.

The Hare Krishnas: You've seen them, saffron-robed, chanting, blissful. Now see them as they *really* are—in a terrifying new book about a cult that practiced love, simplicity and devotion, while its leaders became obsessed with money, power and control. Investigative reporters John Hubner and Lindsey Gruson present a story of motivations so twisted and events so horrifying they're completely unbelievable. And absolutely true.
